XGEN CONNECTED RESPONSE

SILENT PANIC ALERTING, EVERY CAMPUS & FACILITY.

Silent wearable and wall-mounted panic buttons that trigger an instant, location-aware alert and lockdown, notify your staff and first responders, and connect straight to 911 with your facility's verified location. Built for schools, campuses, healthcare, and retail.

Silent and discreet | Standalone or integrated | Multi-Press SOS | Direct to 911

Silent alerts. Faster response. Safer facilities.

Wearable and wall-mounted panic buttons trigger an instant, location-aware alert and connect to 911.

Multi-press

A deliberate SOS trigger that helps prevent false alarms

911

Direct routing with your facility's verified location

USA

Panic buttons designed, manufactured, and supported in the United States

Feature availability varies by configuration.

WHY IT WORKS

Built for how a real emergency unfolds

● **Silent and Discreet**
Wearable and wall-mounted buttons call for help without alarming anyone.

▲ **Multi-Press SOS**
A deliberate multi-press activation helps prevent false alarms.

◎ **Facility-Wide Response**
Lockdown, paging, and staff notification reach every zone at once.

■ **Direct to 911**
Connects to 911 with your facility's verified, location-aware address.

◆ **In-Building Location**
Beacons place the alert on a live responder map, down to the room.

✓ **Standalone or Integrated**
Run on its own or integrate with existing paging and intercom.

The wearable and wall-mounted panic button

A discreet, deliberate multi-press activation silently triggers a coordinated response and sends verified, location-aware alerts to staff and 911 in real time. No audible alarm, no escalation.

Detect. Alert. Respond.
