

— REAL-TIME LONE-WORKER PROTECTION

WHEN SECONDS COUNT, NO ONE WORKS ALONE.

XGen Connected Safety Management unifies wearable panic devices, live location, and automatic fall alerts on one cellular-connected platform, so a worker in distress gets help in seconds, not shifts. Built for the field, where help can't wait.

Cellular and Wi-Fi enabled

Automated escalation

Deploys in days

Live alerting

Help in seconds, not shifts. | Wearable SOS, live location, and automatic fall alerts on one cellular-connected platform.

Instant

Alert notification to supervisors and authorities

24/7

Automated alerting and escalation

1

Platform for devices, alerts, and location

Coverage subject to cellular and Wi-Fi availability.

WHAT IT DOES

One platform for lone-worker safety

Wearable SOS

A wearable SOS and panic device summons help with a deliberate multi-press trigger.

Automatic Fall Detection

Detects a fall or no-motion event even when a worker can't call out.

Cellular and Wi-Fi

Connects over nationwide cellular and Wi-Fi, with no gateways to install.

Live Location and Geofencing

See where your people are and set alerts for restricted zones.

Automated Escalation

A missed check-in or alert escalates on its own to the right people.

One Platform

Devices, alerts, location, timekeeping, and reporting in one dashboard.

The wearable SOS and panic device

A rugged, cellular-connected wearable with a deliberate multi-press SOS, automatic fall detection, and live location, so a worker in distress gets help in seconds, not shifts.

Detect. Alert. Respond.
