

PROTECT EVERY TECHNICIAN, WHEREVER THEY GO.

Your crews work alone, on the road, and on customer sites all day. One **cellular wearable** gives manual SOS alerts, automatic fall detection, location across your whole territory, and automated hours, with same-day deployment and nothing to install.

Plug and play

Deploys in days

Nationwide cellular

Same-day deployment

Protect every tech. Capture every hour.

One clip-on cellular device for worker safety, live location, and automated timekeeping across your territory.

Solo

Most service calls are run by a lone technician, often with no one else on site

Instant

Alert notification to supervisors and authorities

Coverage subject to cellular availability.

1

Platform for safety, time, and productivity

WHAT IT DOES

Protection for lone technicians in the field

Worker Safety

Manual SOS alerts, automatic fall detection, and lone-worker check-ins.

Automated Timekeeping

Hands-free hours on the road and on customer sites, no punch cards.

Real-Time Metrics

Safety, attendance, and productivity as they happen in the field.

Territory-Wide Location

See every technician across a wide service territory in real time.

Workforce Management

Put the right tech on the right job and reinforce safety protocols.

Zero Infrastructure

Runs on nationwide cellular, working the moment a crew arrives.

The wearable SOS and panic device

A rugged, cellular-connected wearable with a deliberate multi-press SOS, automatic fall detection, and live location, so a worker in distress gets help in seconds, not shifts.

Detect. Alert. Respond.
