HEALTHCARE

A SILENT CALL FOR HELP, AT EVERY STATION.

XGen Connected Response gives nurses, clinical staff, and front-desk teams a discreet way to summon help at nurse stations, emergency departments, and reception, without alarming patients. It triggers a coordinated response and connects to 911 with your facility's verified location.

Discreet, patient-friendly | Verified location to 911 | Scalable facility-wide | Multi-Press SOS

Discreet duress. Coordinated response.

Nurses, clinical staff, and front-desk teams summon help without alarming patients.

Every station
A call for help within reach across the facility

Discreet
Silent alerts that do not alarm patients

911
Direct routing with your facility's verified location

Feature availability varies by configuration.

WHY IT WORKS

Silent help without alarming patients

● **Discreet Duress**
A wearable staff duress button calls for help silently, without alarming patients.

▲ **Multi-Press SOS**
A deliberate multi-press activation helps prevent false alarms.

◎ **Facility-Wide Response**
Coordinated, targeted, or facility-wide alerting to the right teams.

■ **Verified Location to 911**
Connects to 911 with your facility's verified location.

◆ **Find the Exact Room**
In-building location guides responders to the exact room or area.

✓ **Fixed and Wearable**
Wearable buttons plus fixed station buttons across departments.

The wearable and wall-mounted panic button

A discreet, deliberate multi-press activation silently triggers a coordinated response and sends verified, location-aware alerts to staff and 911 in real time. No audible alarm, no escalation.

Detect. Alert. Respond.
