

SIMPLE TO RUN. BUILT FOR THE FIELD.

Scalefusion UEM manages Android, Windows, iOS, macOS, Linux, and ChromeOS devices with straightforward per-device licensing. A strong fit for rugged handhelds, kiosks, and point-of-sale fleets, with a Lenovo tablet bundle available in select markets. XGen quotes, orders, and registers the devices for you.

Android, Windows, iOS, macOS

Lenovo Partner

Kiosk and Point of Sale

Rugged Handhelds

Power it on, and it is ready to work.

Zero-touch, Knox Mobile Enrollment, Apple Business Manager, Windows Autopilot, and QR enrollment put devices into policy straight out of the box.

APPLICATIONS

Where Scalefusion fits

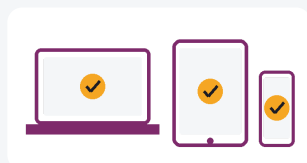

- **Rugged handhelds and scanners:** Warehouse, logistics, and field service devices that need to be locked down, tracked, and kept current without a site visit.
- **Lenovo tablet deployments:** Scalefusion is a Lenovo partner; Lenovo tablets can be deployed with Scalefusion, with FOTA enrollment and OEMConfig support for Lenovo Android devices.
- **Kiosks and point of sale:** Single-app or multi-app lockdown on Android and iOS, plus a kiosk browser for Windows, for self-service, signage, and checkout devices.
- **Multi-OS office fleets:** Windows, macOS, Linux, and ChromeOS laptops managed next to phones and tablets from one console.

Platform and plan features as published by Scalefusion and Lenovo, September 2026. Lenovo bundle availability varies by market; confirm current details with XGen before ordering.

FEATURES

What you get with Scalefusion

- **Multi-OS Console**
Android, iOS, macOS, Windows, Linux, and ChromeOS devices in one place, with tvOS and printer management included in every plan.
- **Kiosk Lockdown**
Restrict a device to the apps and settings you approve, with custom lock screens and branding.
- ✓ **Remote Actions**
Remote lock, factory reset, and location for lost or retired devices, straight from the console.
- ⦿ **Out-of-the-Box Enrollment**
Android zero-touch, Samsung Knox Mobile Enrollment, Apple Business Manager, Windows Autopilot, and QR code enrollment.
- ▲ **App Control**
Allow and restrict apps, push updates, and keep unapproved software off company devices.
- ★ **Lenovo Integration**
FOTA enrollment and OEMConfig policies for Lenovo Android devices, plus screen lock restrictions and real-time device location.

Starter, Business, and Enterprise tiers

Per-device licensing billed annually with a 10-device minimum, in Business and Enterprise editions available direct. Scalefusion also partners with Lenovo, who markets a Scalefusion + Lenovo tablet bundle, adding a Starter tier, in select markets. Tell XGen your platforms, device count, and timeline and we handle licensing, registration, and activation.
