

PROTECT EVERY WORKER, AROUND THE CLOCK.

Plant floors run nonstop with machinery, confined spaces, and isolated shifts. One **cellular wearable** gives manual SOS alerts, automatic fall detection, indoor location, and automated hours, with same-day deployment and no on-site infrastructure.

Plug and play

Deploys in days

Nationwide cellular

Same-day deployment

Protect the floor. Every shift.

One clip-on cellular device for worker safety, indoor location, and automated timekeeping.

24/7

Plants run around the clock, with isolated night and weekend shifts

Instant

Alert notification to supervisors and authorities

Coverage subject to cellular availability.

1

Platform for safety, time, and productivity

WHAT IT DOES

Protection for workers on the plant floor

Worker Safety

Manual SOS alerts, automatic fall detection, and lone-worker check-ins.

Automated Timekeeping

Hands-free clock-in and out across shifts, no punch cards.

Real-Time Metrics

Safety, attendance, and productivity as they happen on the floor.

Indoor Location

Locate workers indoors, down to the floor, around machinery and confined spaces.

Workforce Management

Put the right crew on the right task and reinforce protocols.

Zero Infrastructure

Runs on nationwide cellular, deploying the same day.

The wearable SOS and panic device

A rugged, cellular-connected wearable with a deliberate multi-press SOS, automatic fall detection, and live location, so a worker in distress gets help in seconds, not shifts.

Detect. Alert. Respond.
